- Manage and oversee efforts on several large scale projects concurrently
- Provide creative input to ensure our designs are distinctive, effective and efficient
- Participate on our Executive Team, responsible to develop, plan and execute company strategy
- Participate on our Leadership Team, responsible for day to day project planning and execution
- Work and collaborate with our Project Management team to deliver exceptional designs, specifications and tendering documents
- Present our technical position clearly and effectively to world-class customers, technology partners and other stakeholders

### **KNOWLEDGE, SKILLS AND ABILITIES**

- Deep knowledge of common architectural and design software, particularly AutoCad and Revit.
- Proficient knowledge of Microsoft Office suite (i.e. Word, Excel, Outlook, etc.)
- Innovative design and creative problem solving capabilities
- Ability to develop and implement process flow and guidelines to optimize workflow
- Drive results through planning, organization and problem solving
- Develop and manage relationships with suppliers, clients, business associates and stakeholders
- Maintain composure and be productive in stressful situations.
- Strong team builder and ability to inject positive spirit
- Available for work related travel up to 25% of the time
- Able to maintain effective communication and connection to teams and projects in different regions and time zones

### **EXPERIENCE AND EDUCATION**

- M. Architecture Degree with valid certification with the Canadian Architectural Certification Board
- 5+ years experience in a senior leadership role within an architectural/engineering consulting environment

- Demonstrated ability to produce innovative layout and design work
- Experience in any of greenhouse, pharma, food processing industries
- Experience building and motivating collaborative teams and integrating into the larger organization
- Experience implementing performance and objectives plans for staff
- Demonstratable success in project management, engineering design with extensive hands-on experience
- Integrity and commitment to the highest ethical standards and personal values

Interested candidates are encouraged to apply with their cover letter and resume to: [hr@alpsmj.com](mailto:hr@alpsmj.com). We would like to thank all applicants for their interest but only those selected for an interview will be contacted.
