

An industry leader for high-tech, automated, environmentally controlled greenhouses, ALPS provides turn-key solutions for facility design, engineering, construction, support, maintenance, security, cultivation and genetics. ALPS also provides consulting and assistance with meeting GACP cultivation and EU GMP certification requirements.

## **VICE PRESIDENT, PROJECT MANAGEMENT**

ALPS is recruiting for a **VP, Project Management** to join our team in Burlington, Ontario. Reporting to the President, the Vice President, Project Management is responsible for the Project Management staff and oversight and execution of our portfolio of projects.

### **MAIN RESPONSIBILITIES**

The incumbent will be responsible for the following:

- The VP Project Management will be responsible for the existing Project Management staff and also to grow and develop the team as the company grows.
- Managing multiple project managers and Directors in various regions of North America, and other international locations.
- Manage all projects on time and within budget.
- Participate in the company's executive or D-Team, responsible for company strategy objectives and annual planning.
- Participate in the company's management team or L-Team, responsible for problem solving and day to day planning.
- Leading project communications and internal stake holder engagement.
- The Vice President, Project Management will be required to interface with a wide range of stakeholder groups to develop trust, ensure successful implementation and integration of all projects.
- International travel up to 50% of the time is required.
- Other duties as required

### **KNOWLEDGE, SKILLS AND ABILITIES**

- The ideal candidate will have demonstrated success leading large scale capital construction projects preferably in a greenhouse or agricultural industry.
- International experience is an asset.
- The Vice President, Project Management should have a strong belief in process analysis and efficiencies; team and relationship building, innovation, communication, and stakeholder collaboration
- S/he will be comfortable with ambiguity and possess an ability to manage stressful situations.
- A strong knowledge of all aspects of commercial construction

## **EXPERIENCE AND EDUCATION**

- 7-10 years experience in Senior Project Management roles
- Experience is preferred within large scale construction projects preferably in the agricultural industry.
- The ideal candidate will possess an impressive project management and construction management experience with the proven ability to create functional, positive, working relationships with a diverse range of stakeholders

Interested candidates are encouraged to apply with their cover letter and resume to: [hr@alpsmj.com](mailto:hr@alpsmj.com). We would like to thank all applicants for their interest but only those selected for an interview will be contacted.

ALPS Inc. is an Equal Opportunity Employer. We are committed to doing business inclusively and accommodate applicants with disabilities. If you require accommodation throughout the recruitment and selection process, please contact our Human Resources Team.
